

Aura Soma Lava's *Gallery House* accepts the Lava Pride Award

Gallery House located at 69 W. Main in Lava Hot Springs is the newest recipient of the Lava Pride Award. It is part of Aura Soma Lava owned and operated by Evelee Hill.

The Lava Hot Springs journey began in 1995 for Evelee Hill, native of Afton, Wyoming with the purchase of the city central, heritage riverfront acreage from the Terrell family. The main home was built in 1911, the carriage house in 1920's. As time passed, opportunities provided the purchase of the Oregon Trail Lodge, Portneuf Inn and vacation rental homes in Lava.

The remodeled, re-landscaped Gallery House is proud to accept the Lava Pride Award. The home is punctuated with a giant apple tree, cherry tree and mature hops. The interior of this home is landscaped with original art weavings and photography by Evelee's husband, Robert Rush. It originally opened as an art gallery. Robert's newest gallery connection is New Dawn in Pocatello, ID.

"Ample opportunity remains for living and investing in Lava Hot Springs, abundant by nature, hot springs, river and mountains. Health and healing energies abound." ...remarks by Evelee
